Great Britain

Thank you Iceland for:-

The DKG International Conference in Reykjavík, July 2019 on **Professional Research and Practices in enhancing the Learning Community and the 6 Cs: Character Education, Citizenship, Collaboration, Communication, Creativity and Critical Thinking.**

It was a very enjoyable conference with excellent speakers, stimulating workshops and takeaways, lovely food, tours, social events and the company of many DKG women. We thoroughly enjoyed ourselves.

We also loved the incredible scenery; roaring waterfalls, boiling mud, volcanic lava tunnels, warm water swimming and fabulous geology of Iceland.
